Invitation to the Energy Autonomy and EUSALP Conference

Dear Sir or Madam,

I am pleased to invite you to the "**Energy Autonomy and EUSALP Conference**" on **May 8, 2025 in Bregenz, Austria**. This conference provides a platform for the exchange of ideas and experience in the field of sustainable energy supply in the Alpine region.

Keynotes and programme

- **Behavioural design and behavioural economics** as tools on the way to energy autonomy
- **Financing the transformation:** paths and models

After the keynotes, a dedicated EUSALP session will focus on electricity storage and distribution in the Alpine region. The following topics await you:

- **Electricity supply in the Alpine region:** advantages and opportunities for cross-border cooperation
- **Digital electricity distribution networks:** innovative approaches and technologies
- **Renewable energy integration:** challenges and solutions
- **Electricity prices, electricity trading and storage:** current developments and perspectives
- **Household electrification:** impact on energy networks and supply security

The main lectures and the EUSALP session will be translated into English. Depending on the number of registrations, translation into Italian or French may also be offered. Additionally, expect around 20 other program topics in German, such as communication, energy supply for buildings, building renovation, and education.
