

# Green Infrastructure Goes Business Award

2024

green,  
blue,  
climate  
positive!

apply  
now!

Open for submissions  
12 June - 1 September 2024

Win a business coaching  
tailored to your needs!

We are looking for **innovative ideas and sustainable products, services and business models** with positive impact on Green Infrastructure (GI) in the EUSALP perimeter. The award 2024 calls particularly for solutions with benefits for **wise water management, climate change mitigation and adaptation.**

## The competition is open for:

- Start-ups
- Established companies
- Institutions
- Associations
- Private persons & teams

Businesses can use Green Infrastructure and manage water resources wisely, reduce greenhouse gas emissions or adapt to climate change effects - for example, by

- renaturalizing river floodplains
- enhancing water quality
- sponge city and region solutions
- rewetting peatlands and paludi culture
- improving resilience of managed forests
- natural cooling systems with trees and plants
- nature-based products
- nature-based tourism
